

Student Responsibilities

I, the undersigned Canton High School senior, agree to complete a Senior Project, from the first day of 4th term to Finals Week. As part of the Senior Project Program, I also acknowledge that I will:

- Meet regularly with my Canton High School advisor
- Maintain a daily log reflecting on the days activities
- Have my on-site supervisor complete a project evaluation form
- Complete all agreed-upon course requirements
- Write and submit a final reflection paper during the Finals week
- Attend all AP classes in which I am enrolled
- Create a display of your senior project that will be presented to the school community during Finals Week
- Include a thoughtful self-evaluation of the project on the last pages of your personal log book.

I realize that failure to comply with any of these requirements puts at risk my credits for the Senior Project and possibly jeopardizes my college acceptance and/or my graduation from Canton High School. I further realize that failure to meet these requirements could result in my return to all of my classes where I would be expected to make-up missed course work.
