

Echo 2011 Yearbook Photo Specifications

Please adhere to the following photo specs for senior portraits:

- Color portraits only.

We will accept black & white photos but we will not convert them to color. Because we are not a full colored yearbook, the yearbook staff has chosen the senior portrait section to be all color and not other areas of the yearbook.

- Head and shoulder portraits only. No full body.
- Portraits must be vertical.

If you submit a horizontal photo, it will not fit our vertical template.

- No props.

Often students take pictures with a prop that is reflective of their personal interest (baseball cap, sports equipment or musical instrument etc.) However, these types of pictures are not appropriate for the senior portrait section and we encourage families to consider these photos for the Personal Message section of the yearbook.

- Plain backgrounds in natural color preferred. No distracting elements.
- Digital images must be a minimum 1 MB file size for optimal clarity.
- All photos must be RGB jpg. file.
- Aspect Ratio should be 4:5

We will also accept an original copy of a senior portrait and we will scan it. However, a digital file is preferred for optimal clarity.

Portraits deemed unacceptable by the yearbook staff will not be used and you will be contacted for a replacement.

Digital pictures may be emailed to the Echo Yearbook Staff at yearbook@cantonma.org.
