**STUDENT:** \_\_\_\_\_

**IDENTIFIED ALLERGEN(S):** \_\_\_\_\_

**I HAVE DISCUSSED THE ALLERGY WITH THE NURSE AND REVIEWED THE STUDENT'S  
INDIVIDUAL HEALTH CARE PLAN:**                      **YES**                       **NO**

What are the lesson and the student objectives of this lesson?

Why is it essential to this lesson that a food item be used?

How will children with food-related issues be safeguarded before, during and after this activity?

How will the classroom be prepared for the safe return to regular classroom learning?

**ADDITIONAL TEACHER RESPONSIBILITIES:**

- Notify parent/guardian of known food allergic students five days in advance of the lesson.
- Provide access to all food labels to parent/guardian to ensure the products used are safe.
- Give the parent/guardian the opportunity to provide an alternative for the child or class.
