

June 18, 2010

Dear Students and Parents,

Welcome to fourth grade! I wanted to give you a little bit of information about next year before you leave to enjoy your summer vacation.

Below you will find a supply list. These items will be used throughout the 2010-2011 school year. If you should misplace the list, I will have the list posted on my website: <http://www.cantonma.org/myweb/hansen/> and on the Hansen home page. You can also email me at hansenl@cantonma.org and I will be happy to email you a copy.

I would love to hear from you and your parents prior to the start of school in September. Please tell me a little bit about yourself! What do you like to do for fun? What kinds of books do you like to read? I use email as a means of communicating information about the school year, so please feel free to email me any time!

During the summer it is important to keep practicing your reading and mathematics skills each day. The "Summer Reading List" is a great place to start. I also have several reading lists on my website that can help you find great books. In addition, I have gathered many math games there that can help you remember your multiplication facts through 12, as well as your addition facts. Also be sure to keep your eyes open for writing ideas as you enjoy the slower pace of summer and take a few minutes each day to jot them down in a notebook.

Please enjoy your summer! I'll see you in September!

Best wishes,

Mrs. Hansen

Mrs. Hansen's Recommended Supply List
