Dear Parents/Guardians and Students:

Canton Public Schools uses the Nutrikids Point of Sale System for all school meals and food purchases in the district's cafeterias. The district uses MySchoolBucks for funding lunch accounts and payment for other district departments such as athletics, transportation and extracurricular activities.

Nutrikids- Point of Sale System

Every student has been assigned an 8-digit Student ID number and 4-digit PIN Number. The Student ID number is used by parents and guardians who wish to fund the student lunch account and view purchases. The 4-digit PIN Number is used by the student at lunchtime. At the register the student will enter their PIN number in the pin pad. If they forget their PIN Number, the cashier will look it up for them.

MySchoolBucks

This system is available for families to prepay into their student's meal account.

Meals are free for all children this school year through June 30, 2022. Funds would only be needed if the student chooses to purchase an a-la-carte item

How Student purchases may be paid.

- Students can pay cash when they check out with the cashier
- Students can draw from monies deposited into their individual student account by one of the pre-payment options.
