Document Camera Operating Instructions
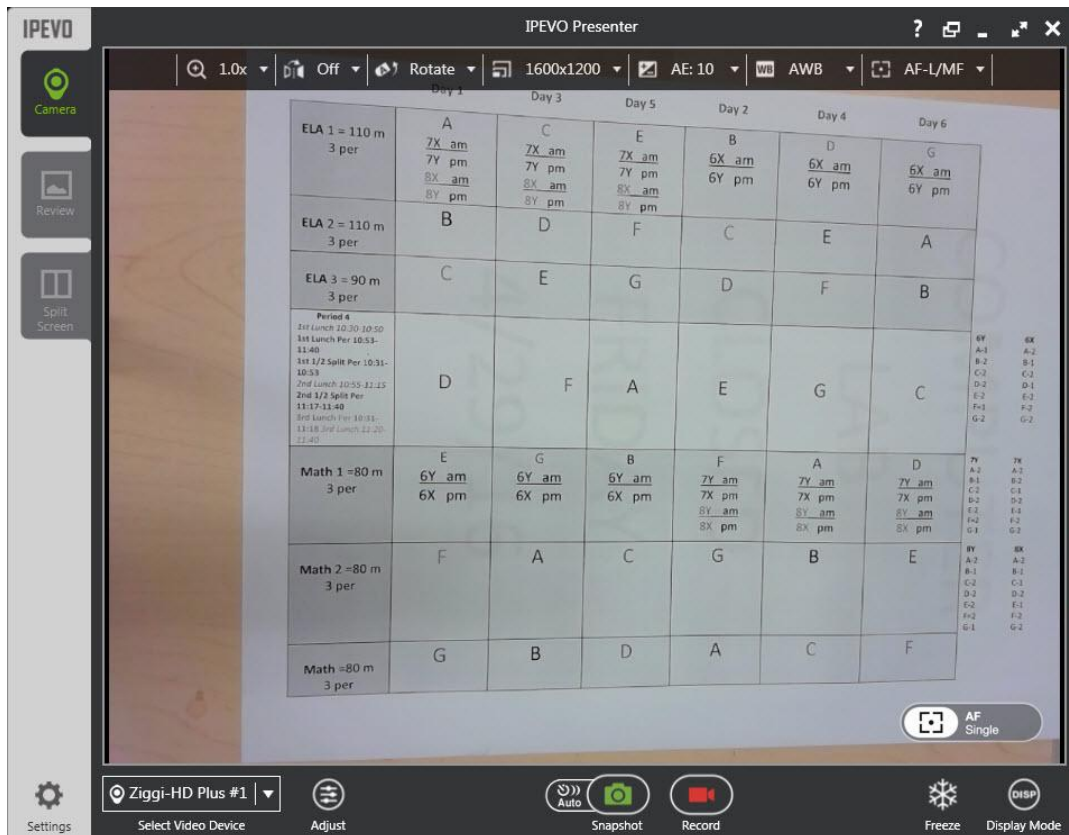

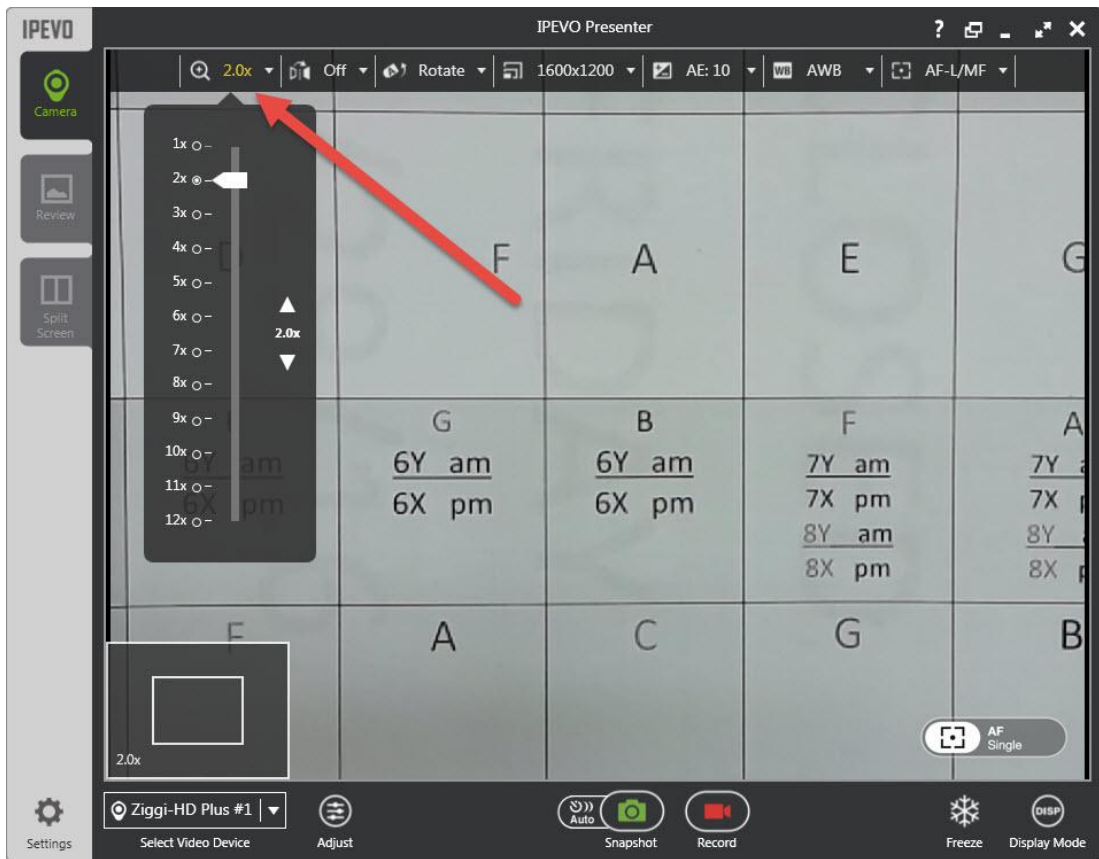

1. Connect the document camera to your computer using the USB cable and turn on your smartboard
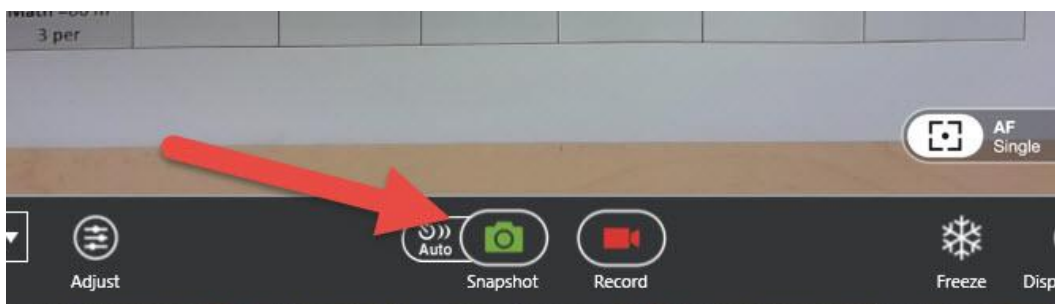

2. Open the Presenter software

3. Once the software opens, you should see the camera displaying whatever is under the document camera:

4. You can zoom in on the document by using the zoom tool:

5. You can take a snapshot of whatever is being displayed by clicking the "Snapshot" icon:

6. You can then view your snapshots by clicking on "Review"
